Part Four: Be Satisfied
Satisfaction, for so many of us, always seems to be just out of reach. We believe that if we get a little bit more, of whatever we crave, we'll finally be satisfied. But many of us have learned that no matter how many times we feed our appetites, there's always another desire that takes its place.

Scripture: Psalm 131:1-2

Bottom Line: Get control of your appetites or your appetites will get control of you.
