

# Virtual VITAL CHURCH MARITIMES 2020 Conference

## THE WINDS OF CHANGE: finding our joy

Saturday, Nov. 14 - 10 a.m. to 3 p.m.

Turn your face into the 'winds of change', discover new possibilities for your faith community and find your joy. This Vital Church Maritimes (VCM) conference is all about **effectively navigating change**. Whether it's adapting ministry in a pandemic, exploring cooperative partnerships or tackling a major parish redevelopment, there are **essential best practices** that can help prepare the way.

VCM 2020 guest speaker is **The Rev'd. Tasha Carrothers**, from the Diocese of New Westminster, B.C. As Missioner for Parish Development, Tasha supports parish leaders as they work to foster more faithful and effective faith communities. She provides consulting with parishes, coaching to clergy, and leads educational programs. Tasha has extensive experience in training, including 'Groundwork', a worship series on membership growth, interim ministry and the Diocesan School for Parish Development.

VCM 2020 conference is online, hosted on the **Zoom** platform. This day-long learning event is for anyone, laity and clergy from any congregation or denomination. The conference includes scripture reflection, discussion exercises, sharing of stories and practical resources.
