Cast on stitches in multiples of three - 54, \*57, or 60. For example, if you use size 11 needles and cast on 54 stitches, 3 skeins of 'slightly bulky' yarn is enough. Some yarns vary in elasticity which will affect your outcome, as will your knitting tension. If the yarn you have chosen has a multicolored stripe, be careful when tying on a new skein. Make sure the color sequence is correct. Also, tie on the new skein in the body of the shawl, instead of an edge, as the ends tend to show.

\* First Row: k3, p3, to end

\* Second Row:

Always start the next row with the opposite stitch of what you see.

For instance, if the first stitch on the needle is a knit, then start with a purl.

KNIT THE PURLS AND PURL THE KNITS!!! It should NOT look like ribbing.

\*Note: If you cast on 57 stitches you will always start with K3. The same can be said if you make the pattern in multiples of 6's + 3 (add) stitches

Chain 54 stitches or desired width of shawl.

Chain 1, turn, single crochet in each of the stitches to end. Chain 3 and turn.

Double crochet in top of each single crochet. Repeat this row 2 more times.

Chain 1 and do 1 row of single crochet to end. Chain 3 and turn.

Do 3 rows of double crochet. Repeat pattern to end (1 row single, 3 rows double)

End with 1 row of single. Finish with fringe.

\*Note: that crocheting typically uses more yarn than knitting, so you might have to adjust the width and size of hook or use another 1/2 skein.

To Complete the shawl:

Knit (crochet) until the piece measures from wrist to wrist, or approximately 57-58" long. (Knitting: bind off with a knit row). Use what you have left to cut \*fringe. Suggestion for fringe: you can also do this before using the last skein. Divide the pile in half and slip knot them to the ends, evenly spaced.

If the yarn is manufactured loosely wound, you might have to knot the ends of the fringe to keep it from unraveling.
