REACHING THE HARVEST

I asked for the children to indicate to me that they would like to receive Christ as their Saviour. The way that they could show me was to look at me while others had their eyes closed. There, looking at me, were about 12 sets of eyes! They came to where I was in the corner of the classroom to discuss this new decision of what they would like to do. All of them wanted to pray, but two girls touched my heart even more with a very sincere look in their eyes. Praise God for this opportunity that you had a huge part in. Let us Praise God together. Your partnership with us is incredible.

In November and December, CEF® of SVG was very focused on a campaign called "Christmas Across SVG." Wow, God used this to touch so many children. We had goals to have all 78 kits given to churches who then held a Christmas party for the children. Early January I started to call the churches, and wow did God work! There were 49 Christmas parties with just under 3200 children in attendance. The greatest news is that 150 children made decisions to receive Christ as Saviour! Again, this is your victory because you partnered with us!

The next couple of months will be very focused. Wendy is focused on raising finances to cover the expenses of our summer youth training called Christian Youth In Action (CYIA). God is blessing us with a great location to hold the 10 day training. We can get the facility at a great price, but it still is a giant size price. A fund raiser that CEF is doing to help with these expenses is selling cupcakes. We have orders for 1000 cupcakes which equals over \$1600 in profit. Two bakeries are baking some of them as well as a

couple of individuals. Most ingredients have been donated from businesses. The cost for each person at the 10 day training is \$200 Cdn, but we are charging only half that and subsidizing in order to make it more manageable financially. We are planning for 45-50 individuals at camp (30 students and 15 – 20 staff and volunteers).

Our National Director, Pastor Kelron Harry, a co-worker, Jackie and I are organizing the training and facility details. Please pray for us in this way. Also, please
