

Ephesians 5:15-21: Discussion Questions

August 23, Pastor Amir, Vernon Charter

Questions 1-3 from Pastor Amir; questions 4-6 from Vernon Charter

1. Why is Paul putting so much emphasis on Christians to look carefully then how they walk (v. 15)?
2. So, the question we need to consider is what is the nature of this walk?
3. What does Paul mean by the nature of this redemption of time (v.16)?
4. What is the connection between Paul's teaching on singing (vss. 18ff) and the verses which precede it (vss. 15-17)?
5. If our singing is to be directed towards one another (as well as towards God), what will the "teaching and admonition" expressed in our singing look like? And how do we learn to recognize it and respond to it?
6. What is the role of the worship team in helping the worshipers to address one another in their singing?
