

DISCUSSION GUIDE

Dan Woodard
Dan Reinhardt

This discussion guide is intended to help your small group think through issues surrounding the recent message, *Let's Choose*. This *don't choose* rule we're learning to break will hopefully generate a greater awareness of the choices we make or need to make.

1) In reflecting over what you heard in the message, what was your first impression?

2) Authority has implications to just about everything in life, such as parenting, employment, ministry, and politics. What story comes to mind illustrating how authority was either given to you or taken from you in any of the venues mentioned above?

3) Pastor John of the Jerusalem Church went into some detail describing both Gaius and Diotrephes. How do his descriptions apply to PTC?

4) Dan W shares his story of his favourite addiction: the Mr. Nice persona, mentioning how God helped him discover this and break free of it. Share an aha moment in your life when you realized you were making choices that were hindering your relationships instead of helping them.

5) Dan R explained his *Interpretation Wheel* to show how every experience in life goes through our interpretation filter before it reaches our beliefs and affects our response. How

has the Lord shown you that you can choose how you interpret something that happened?

(James 1:2-4)

6) As you reflect on this *Let's Choose* message, what's one area of your life that you think the Lord wants for you to be more aware of the decisions you're responsible for making? How does this apply to PTC?
