

Craft Tea Time

Ladies!

We'd like to get your feedback on an idea for a "Craft Tea Time" where ladies can fellowship and share a project they are working on or learn a new craft, either a hands-on make and take project or a demonstration of something you can do on your own time at home. For example: card-making, seasonal décor, recipes, Christmas ornaments, door wreathes, up-cycling tips, and other interesting and useful items and talents. Please fill in the following short survey and return it to the Info Centre as soon as you can so we can assess the results and start planning. We promise it will be simple, inexpensive, fun and hopefully a blessing to you!
