

Student Records Policy December 9, 2015

St. Francis de Sales School Introduction

Independent school authorities are well served by policies and practices regarding student records. Such policies and practices will benefit independent school students, parents, office staff, administrators, and authorities by providing guidance for the collection of information and its storage, use, transfer, and protection. Legal and public expectations regarding the confidentiality, disclosure and transfer of school student records are increasing, as are societal concerns regarding school record keeping and storage. The legal framework for the development of this Student Records Requirements and Best Practices Policy is provided by section 6.1 of the Independent School Act, Sections 9 and 10 of the Independent School Regulation (the Regulation), the Student Records Order (I 1/07) (the Order), and the Personal Information Protection Act (PIPA). Section 9(2) of the Regulation obliges independent school authorities to, subject to the requirements of the Order, (a) establish written procedures regarding the storage, retrieval and appropriate use of student records, and (b) ensure confidentiality of the information contained in the student records and ensure privacy for students and their families. In addition to the above, the Office of the Inspector of Independent Schools and FISA BC have collaborated in producing the Student Records Requirements and Best Practice Guidelines for Independent Schools, Ministry of Education, June, 2012, which serves as a guide for independent school policy development in this area. The school authority may add, modify, or remove portions of **St. Francis de Sales School** Student Records Requirements and Best Practices Policy when it is considered appropriate to do so, if it is not in conflict with legal requirements and government policy. **St. Francis de Sales School** is committed to ensuring that student records are handled in accordance with all legal requirements.

Purpose The purpose of this document is to define policy and to determine procedures for the collection of student information and its storage, use, disclosure, transfer and protection.

Policy Statements: The following policy statements are provided to inform all parties who collect, store, use, disclose, transfer and protect student information.

Procedures

3.1 The principal or designate will be responsible for:

- i. Updating the PSR Form 1704 as information changes and the student progresses through the system;
- ii. Ensuring that electronic copies of documents are stored on a server in a physically secure location. If information is accessed through the Internet, an encrypted connection (<https://>) must be established before authenticating. Access is restricted to those employees (such as designated records clerks, administration, teachers, and counsellors) who, by the nature of their work, are required to have access; and
- iii. Ensuring that the school authority takes necessary precautions to safeguard against deprecated or obsolete forms of storage. The electronic storage of PSRs and other personal information requires the school authority to have an adequate backup plan and recovery strategy for potential hardware failure and database corruption.

3.2 Student Record and Student File Retention:

Student Records – *Active* Students Student Records are locked in fireproof cabinets. Access is restricted to those employees (such as designated records clerks, administrators, teachers, and counsellors) who, by the nature of their work, are required to have access. The school authority protects personal information from unauthorized access, collection, use, disclosure, copying, modification, or disposal, or similar risks. Procedures for such protection are outlined in sections 5 and 6 below. The principal or designate will regularly review Student Records to ensure that the information is current and complies with legal requirements. Required inclusions must be listed on the PSR – see section 2.2 above.

Student Records – *Inactive* Students

Unless another school requests a Student Record (see section 6 below), the school authority archives Student Records for 55 years after a student has withdrawn and not enrolled in another K-12 school, or graduated from the school. The archived Student Records are stored securely and in a manner that ensures their preservation from calamity (fire, flood, etc.) Access is limited to the principal or designate. The designated records clerk keeps a record of Student Records that are destroyed (shredded) after 55 years.

Student Files – *Active* Students Student Files are locked in cabinets in each school. Access is restricted to those employees (such as designated records clerks, administrators, teachers, and counsellors) who, by the nature of their work, are required to have access. The school authority protects personal information from

unauthorized access, collection, use, disclosure, copying, modification, or disposal, or similar risks. Procedures for such protection are outlined in sections 5 and 6 below. The principal or designate will regularly review Student Files to ensure that the information is relevant and important to the educational program of the student.

Student Files – *Inactive* Students The school authority archives Student Records for 55 years after the student has withdrawn and not enrolled in another K-12 school, or graduated from the school. The archived Student Records are stored securely and in a manner that ensures their preservation from calamity (fire, flood, etc.) Access is limited to the administration or designate. The principal or designate is responsible for determining the relevancy of the contents in Student Records before being archived.

3. Currency of Student Records Student eligibility information (see Appendix I) will be updated during student registration each year. As stated above, the principal or designate will regularly review Student Records and Student Files to ensure that the information is current and complies with legal requirements.

3.4 Security of Student Information Off Campus The principal is responsible for ensuring that personal information taken off campus is safely stored and that personal information is protected.

3.5 Handling of Sensitive Student Information Access to Sensitive Student Information is restricted to the principal or a person or persons authorized by the principal to access such information defined in section 2.4 of this policy. The principal or designate will obtain parental consent (written, dated and signed) for the collection, use and disclosure of Sensitive Student Information, including psychiatric reports and family assessments, and will store these as highly confidential documents with restricted access. Sensitive Student Information will only be disclosed or transferred in accordance with the law. The principal is responsible for ensuring that school initiated reports under section 14 of the Child, Family and Community Service Act are retained only for the purpose of child protection proceedings and that information is not disclosed to third parties or transferred to other schools. Such reports are strictly confidential and should only be stored where the principal or designate can access them.

4. Use of Student Personal Information The school authority may use an individual student's personal information for the following purposes, assuming that the school has disclosed such purposes to the individual student verbally or in writing on or before collecting the personal information:

4.1 To communicate with the student and/or the student's parent or legal guardian, to process a student's application, and to provide a student with the educational services and co-curricular programs provided by the school authority.

4.2 To enable the authority to operate its administrative function, including payment of fees and maintenance of ancillary school programs such as parent voluntary groups and fundraising activities.

4.3 To provide specialized services in areas of health, psychological or legal support, or as adjunct information in delivering educational services that are in the best interests of the student.

5. Access to and Disclosure of Student Records

a. A student (capable of exercising PIPA rights) and a parent/legal guardian of a student is permitted (unless restricted by a court order) to:

a. Examine the Student Record and Student File kept by a school authority pertaining to that student, while accompanied by the principal or designate to interpret the records; and

b. Receive a copy of any student record upon request. The school authority reserves the right to recover the direct cost of copying records. An entitled person may access and verify personal information in the Student Record and Student File pertaining to the particular student with appropriate notice to the school administration. Access will be provided during school hours. Access to a Student Record or Student File will only be granted, upon assurance of confidentiality (with consent), to professionals who are planning for or delivering education, health, social or other support services to that student. Consent will be obtained in writing, listing the name and date of birth of the student, the name and signature of the parent/guardian, and the date of the request.

2. When applicable, graduating students will be provided with interim and/or final transcripts for Grades 10, 11 and 12 courses when graduating, and upon future request of the graduate. Copies will be mailed directly to institutions of higher learning or as requested by the graduate. The school authority reserves the right to assess a reasonable fee for transcript requests.

3. In the case of a request for personal student information from separated or divorced parents, the school authority will be guided by the legal custody agreement, a copy of which should be provided to the lead administrator. In cases where the principal is unsure if the non-custodial parent is entitled to access personal student information, the school's legal counsel will be consulted for a recommendation.

6. Transfer of Student Records On receipt of a request for student records from a school, a Board of Education, or an independent school authority from within British Columbia where the student is (or will be) enrolled, the school authority will

transfer that student's PSR (including declared inclusions), the current Student Learning Plan (if any), and the current IEP (if any) to the requesting institution. The school authority will retain a copy of the PSR, indicating the school where the records have been sent and the date of the student record transfer. If the requesting institution is outside British Columbia, a photocopy of the PSR will be sent (including declared inclusions), along with the current Student Learning Plan (if any), and the current IEP (if any).

Requests for a student's record from a public school require that the public school administration provide a copy of the PSR (including declared inclusions) and current Student Learning Plan (if applicable) and IEP (if applicable) to the independent school authority. The original PSR must be retained by the public school. The school authority will only transfer sensitive, confidential information (e.g. psychiatric assessments) after dated and signed parent/guardian consent has been obtained. The school authority will not transfer a record of a Section 14 Child, Family and Community Service Act report of alleged sexual or physical abuse made to a child protection social worker.

A summary of a former student's school progress may be provided to prospective employers, at the written request of a former student. The school authority reserves the right to assess a fee for this service.

A Student Record will be reviewed when a student transfers. The principal will ensure that the documents listed as inclusions are still required inclusions (eg. not expired or rescinded) or still deemed to be relevant and important to the educational program of the student. Expired, rescinded, or irrelevant inclusions will be removed from the Student Record and the documents themselves will be shredded. (*THE ABOVE STUDENT RECORDS REQUIREMENTS AND BEST PRACTICE GUIDELINES FOR INDEPENDENT SCHOOLS* were developed in consultation with the Federation of Independent School Associations, June 2012.)
