

## Update from North River Leadership on Sunday Services and Other Gatherings

Dear Brothers and Sisters,

As state and federal guidelines for gathering continue to develop, we want to communicate our thoughts and plans going forward:

- Generally speaking, we do not plan to gather for in-person, indoor Sunday worship services throughout July (this is a change from the plan we communicated last week). We will continue to use virtual platforms on Sundays. Although the COVID-19 Task Force believes we could meet safely in the Auditorium with up to 100 worshippers, there is currently not a desire on the part of our members to congregate indoors in large numbers while COVID-19 is on the rise in Georgia. Out of respect for those wishes, we are lowering the risk and will reconvene the Task Force in late July to re-evaluate.
- The Campus Ministry has been planning larger outdoor gatherings for midweeks and various meetings (with masks and social distancing), and we will still plan to have both our Unity Walk outdoors on July 12 (we are asking people to agree to wear masks and social distance as a condition of participating) and our indoor Basketball Skills Contest on July 18 (note: there will never be more than 10 people in the gym at any one time and they will wear masks and maintain 12 feet of distance). Our COVID-19 Task Force believes that if people will follow all the precautions laid out, these events can be kept at an acceptably low risk.
- We understand that many of the family groups across the church are wanting to meet in person. We know that some have begun to meet under careful and sensitive guidelines. While we as a North River Church leadership group are not encouraging in-person meetings, we do know and understand that in many cases this will happen, can happen, and can be done safely.

If your small group is planning to gather in person or if you are planning to meet with other brothers and sisters in person, we would like to recommend that you consider the following: [Click here for the rest of the update.](#)

### Baptisms, Weddings, and Babies!

**Precious Balogun** graduated from Georgia State University this past spring semester. She was met on campus in 2018 on her

birthday in a unique way! After hearing people sing happy birthday to a sister in the ministry who shares her birthday, she introduced herself and was invited to have a Bible study. She began that semester but took a break from her studies until the spring of 2020. She reached out this February to continue pursuing her relationship with God. Due to COVID-19, all of her studies this year happened over video chats. Despite so many uncertainties in this season, Precious knew she was ready to abandon the world's way of living and adopt the mind and life of Christ. She confessed Jesus as Lord and was baptized on Father's Day morning! Welcome to the family of Christ, Precious!!

**Tracie Strozier** was baptized into Christ on Saturday, June 6. Tracie and her husband, Robert, have known Jeffrey and Sammie Layne for over 20 years. Tracie asked Sammie a question about baptism over a year ago. Since that time, Sammie, along with Debbie Mackintosh and Jean Cimino, has been studying the Bible every week with Tracie. Tracie has been very determined to know what the Bible teaches about true conversion and has been a real student of the Word. Even dealing with many personal health challenges in the middle of a pandemic, her heart and determination to find the truth has been truly inspiring.

Nathan Conn and Maggie Smith are recent college graduates helping in the Youth & Family Ministry at North River. On May 31, 2020, Nathan and Maggie were united in marriage. With COVID-19 regulations constantly changing, the two did not know what their wedding would look like but decided to keep their wedding date the same. The Conns feel very blessed that they were able to celebrate with their closest friends and family and are excited for what the Lord has in store for them in their future together.

## North River Unity Walk

We're very excited about our upcoming Unity Walk on July 12! In a time when our world is hurting from racial tension and racial injustice, this is a way for us to show the world what the Kingdom of God is all about. We're going to walk from the North River parking lot to Glover Park in the Marietta Square (1.5 miles), singing songs of worship and unity, and then at the Square have a devotional about loving your neighbor as yourself and carrying each other's burdens! Some more things to note:

- We're asking everyone to wear masks and stay at least six feet apart at all times
- Stay hydrated (it will probably be hot).
- Have a backup plan if you're bringing young kids in case they have a hard time.

This is a first for us in many ways, so we'll need to be flexible, but we are hopeful and faithful that God will bless our effort to bring His message to our community! If you don't feel comfortable joining us in person, that is totally understandable, we will be broadcasting on Facebook Live so that you can support us remotely. [Click here to watch](#)

## YES! Program July Events

North River Family! We were down to the wire to fill over 30 slots to serve at Marietta City School's food pantry next week, and you all answered the call. Thank you, thank you, thank you, and please remember your masks! We will be loving up on our neighbors by unloading, packing, and distributing food next Monday, Tuesday, and Wednesday. Please pray for the Lord to multiply the food to feed as many families as possible. We've heard that they often have to turn families away as the supply runs out. If you have food you'd like to contribute, it can be brought to the Sixth Grade Academy on Tuesday night, July 7 at 6 pm. Please email [northriveryes@gmail.com](mailto:northriveryes@gmail.com) for more details.

On July 25, we'll have our annual BACKpack 2 SCHOOL (Drive-Thru Edition) for neighborhood families to receive school supplies for the fall semester. We're going to start by offering the supplies we amassed last summer and allow families to leave notes of any supplies they're still lacking. From there, a team of folks on the "Backpack Reserves" will get assigned supplies that the YES! team will distribute to specific families. If you'd like to enlist in the Backpack Reserves, please email us at [northriveryes@gmail.com](mailto:northriveryes@gmail.com).

It's an honor to serve together, united in Christ!

## Let Us Pray...

*Urge, then, first of all, that petitions, prayers, intercession and thanksgiving be made for all people - for kings and all those in authority, that we may live peaceful and quiet lives in all godliness and holiness. This is good, and pleases God our Savior, who wants all people to be saved. — 1 Timothy 2:1-4a*

## North River's Vision Statement

We are a diverse family of believers who answered the call to be disciples of Jesus Christ. We are being transformed by God's Word, His Grace, and the Holy Spirit. Through small groups and deep relationships with one another, we join in Jesus' ministry and mission to make and mature disciples while we care for the needs of people. We do this to save as many as possible for the glory of God.

---

### Fix Your Eyes On Jesus

This year's theme at North River is "Fix Your Eyes on Jesus" from Hebrews 12:2. This is especially important for us to do in uncertain times. We started the year studying the entire book of Hebrews, and going forward, we will continue to focus on Jesus more and more. For ways to get more insight, check out the North River [Sermons](#) or [Women's Page](#) for more resources.

---

### Coronavirus Risk Guidelines

Our own Dr. Kevin Broyles came up with [the following chart linked here and on the last page](#) that can help you assess the risk of a social gathering. He based it on the best practices and recommendations of organizations like the CDC, WHO, Johns Hopkins University, and Georgia Department of Public Health, but the chart is not reviewed or endorsed by any of those organizations. The chart is NOT medical advice or a substitute for doing your own research, but it is additional information.

To use it to assess the relative risk of an outdoor or indoor activity, first look at the Outdoors column (if the event you are considering attending will be outdoors) or the Indoors column (if the event is indoors). Find the rows in the Number of People column that accurately describe the number of people at the event. Then ask whether or not everyone is wearing masks (YES in the Mask column) and whether or not everyone is social distancing (YES in the Social Distancing column). The level of risk varies depending on each of these factors.

## POSTPONED: 2020 Vision Conference in Orlando

[For all the latest updates go to the website HERE.](#)

It is with mixed emotions that we will be unable to host the VISION Conference in Orlando this summer. However, it has become apparent that the impact of COVID-19 has overshadowed the possibility to actualize this worldwide event this year as planned. We, like many of you, were certainly looking forward to a time of fellowship and celebration, and so this is a disappointment for sure.

So in order to find available dates, we have decided to stagger the conference. Instead of hosting more than 20,000 disciples over the same four days, we'll see two (2) distinct waves of attendees that will put less demand on the hotels, nearby restaurants, public flow within our venues, and an overall reduction of our mass gatherings at any one time:

### NEW DATES FOR THE 2022 WORLD DISCIPLESHIP SUMMIT:

JULY 28-31	ICMC: (Campus) and ISC (Singles)
JULY 31-AUG. 3	ILC: (International Leadership Conference)
AUG. 4-7	FAMILY: (Parents, Single Parents, Kids, Middle & High Schoolers)
	FOREVER FAITHFUL: (Empty Nesters, Marrieds w/o Kids, Retirees)
	SPANISH Conference

Potential Risk Calculator	Virtual	0 Point
	Not virtual - face to face	Add 1 Point
Indoors > 5 people or Outdoors > 10 people		Add 1 Point

Not social distanced		Add 1 Point
Older, Immune Compromised, Chronic Diseases		Add 1 Point

\* Number of People    CDC recommendations: Indoors group of 5 or less people, Outdoors group of 10 or less people

\* Mask    Remember: Masks are helpful to keep you from spreading coronavirus to others, they do not keep you from getting an infection.

\* Distancing    CDC distancing recommendations based on activity:  
    Normal activity (conversation, walking) - 6 feet apart  
    Vigorous activity (like exercise, sports, singing, forceful speaking) 12 feet apart  
 Time of exposure: longer times (>15 minutes) are more risk than short times  
 Do not expose others or be exposed to anyone with symptoms: cough, fever, flu or cold-like symptoms, or recent exposure to a COVID-19 positive individual  
 Smaller spaces have higher risks (bathrooms, elevators)

Hygiene    Wash your hands frequently (5x/day - reduces risk by 35%)  
                  Clean exposed surfaces  
                  Do not touch your face, eyes, mouth

Current Thoughts    **Transmission**    Up to 40% of people can be contagious before they have symptoms  
                                  **Transmission**    35% of people infected will never have symptoms  
                                  **Social distancing**    Without social distancing it was estimated that the USA would have had 35 times the number of deaths  
                                  **Children**    150 cases of pediatric multi-system inflammatory syndrome after have COVID-19 infection  
                                  **Contact Tracing**    Georgia Public Health Department will begin tracing contacts in the near future  
                                  **Vaccine**    Some optimism from one company about an effective vaccine - would be available January 2021 at the earliest  
                                  **Treatment**    Some positive results from remdesivir combined with other medications in hospitalized patients  
                                  **Treatment**    No scientific evidence that hydroxychloroquine or chloroquine is helpful to prevent or treat, some evidence it is harmful.  
                                  **Antibody Test**    A qualitative test. It is either positive or negative (doesn't measure level of antibody)  
                                  **Antibody Test**    Becomes positive after 7-14 days of exposure or symptoms. If tested too early - may get a false negative.  
                                  **Antibody Test**    Positive test doesn't mean immunity.
