

## 6-Called To Join

1. What insight, principle or observation from this week's message did you find to be most helpful, eye opening or troubling? Please explain.
2. If you could leave a legacy, what would you want it to be? Can you imagine anything greater than living to leave a legacy?
3. Jesus did, and he told us. Read Mark 8:34-36. According to Jesus, what is greater than living to leave a legacy?
4. From the Mark passage, what challenges you or sticks out to you, and why?
5. Read Luke 5:1-11, then read John 21. What is similar in these two stories?
6. According to John 21, Jesus invites them to a breakfast he has already made, but then asks them for their fish that he has helped give them. Jesus invites you to join his mission. What area makes you think you aren't qualified, and why? What might Jesus think about your feelings of inadequacy?
7. Peter had just denied Jesus, but Jesus re-instated Peter as a full-fledged disciple. What in your past or present makes you feel second class or like Jesus doesn't want you on his team?
8. What excuses come to mind when you think about Jesus' calling on you to make disciples, to be a fisher of people, to live a life that is all about Jesus and the Gospel?
9. What is something you sense right now that needs to change or grow in your life for you to join the mission of Jesus - to be all about Jesus and the gospel?
10. Pray for each other.
