Gospel of Luke Study Questions
Luke 8:1-15

- Read Verses 1-3. Had you ever thought about how the ministry of Jesus was funded? How do we today offer support to others who are in full time ministry? What are some ways other than funds that we can support our missionaries and pastors?
- Why do you think Jesus so often spoke in parables? Why would he choose to use a parable about soil? Would his audience understand the sowing of seed?
- What did Jesus mean when he said "He who has ears let him hear"? Do we have moments when we pick and choose what commands we hear and follow? In what ways have you chosen to open your ears and start being obedient to the Lord?
- What do we learn from the first type of soil along the path? Share some examples from your own life of people who fit this category. How do we as a church reach out and support people who fall into this group?
- What do we learn from the second type of soil on the rocks? Share some examples from your own life of people who fit this category. How do we as a church reach out and support Christians who are being tested? What tests have you faced in your life? Can people like this come back to the faith?
- What do we learn from the third type of soil among thorns? Share some examples from your own life of people who fit this category. How do we as a church reach out and support Christians being tempted by riches or choked by worry? How have you overcome these challenges in your own life?
- If you today are the fourth soil that believes and follows the Lord faithfully share a story about your crop and how you have been able to share the gospel with others? What fruit has come from your relationship with God? Is there someone in your life that you desire to share the gospel with? Take time to pray for that person in your life.
