Planting the seeds of Tomorrow

But I am like an olive tree
flourishing in the house of God; I
trust in God's unfailing love for
ever and ever.
PSALM 58:8 (NIV)

Calling all Camp Alumnis

You remember your camp days and how it shaped your life? Well here's your chance to give back. The OT is the new face of the Camping Ministry but its foundation remains the same and that is building lives for the glorification of God.

But we need your help! How? By becoming a sponsor or by joining The OT Club and donating to this Ministry.

Wouldn't it be a great feeling knowing that you have made a positive impact on a child or youths life? What a life changing experience that would be.

Who are we

We are a nonprofit camping organization whose passion and vision is built on strong, moral and grounded foundations. It is with this foundation we desire not only to strengthen these children and youth, but to also strengthen the communities that we live in. We need to impact these communities around us.

Camp OliveTree is designed to facilitate programs for Children and Youth in our challenging society.

These programs and classes will encourage individual growth and teamwork amongst their peers. We want to enhance any skills for continued success in their day to day future lives. **Camp OliveTree** wants to provide a life changing experience for each person who attends.
