INTO THE WILD

sevenoaks.org

As a people living the Way of Jesus, all of us will experience seasons in the wilderness—places that feel and appear dry, barren and desolate; making us wonder if we took a wrong turn somewhere. Whether you are heading into, in the middle of, or exiting a wilderness experience, this series will point you to how God's presence dwells with you in the wilderness, cultivating your life for His purposes. Follow along by reading these passages each week on your own or with your group.
