

## What To Pray During The Virus Crisis

The following was first published on Open Doors USA's website and is reprinted here with permission.

How do we not worry and live lives of boldness, not fear? Scripture and the dark-hours experiences of our persecuted brothers and sisters tell us that prayer is our action point.

Jesus calls us to pray because that is where we find His presence. Below, we share 5 specific prayers you can pray and adapt to your family and community.

**Pray** that the church would be a calming presence and radiant light in the face of so much confusion and darkness.

**Pray** that we would be people of compassion who intentionally reach out to others in our neighbourhoods and to our family around the world

**Pray** for world leaders as they work with healthcare organizations and the medical community to develop next steps.

**Pray** with researchers and biologists as they work to develop a coronavirus vaccine.

**Pray** with first-responders around the world who are tasked with triaging, testing, and treating increasing numbers of people.
