“Final Words”

Revelation 22:6-21

Pastor David Smith

1. Why was there such a sense of 'urgency' in this passage?
2. Are you able to reconcile 'the time is near' with the fact we've waited nearly 2000 years? Or does this cause you doubt?
3. How should Jesus promise that He is coming soon affect our day to day lives?
4. Does a refusal to believe in an eternal literal Hell, as has become very popular these days, undermine the 'urgency' seemingly required by this passage?
5. What have the mega-themes of Revelation been? And how have they impacted you?
