

REVITALIZATION OF SUNNYBROOK UNITED CHURCH

A sub-committee of Finance and Property has been formed to revitalize the Church. F & P and this committee will work together to identify problem areas, declutter, repair, repaint and clean the Church with the end goal of continuing to provide welcoming, functional, and inviting spaces for all who enter. This project will take between 18 and 24 months and the congregation will be kept informed throughout the entire process.

Costs will be minimal and will be covered by the existing maintenance budget, however, other sources of funding – grant monies, donations, fundraising projects - are being investigated.

HERE'S THE PLAN:

- Information will be provided to the general congregation and specific user groups who use the room being revitalized. Additional instructions will be provided during these personal conversations. Once the groups have identified items they no longer use, the congregation will be given the opportunity to provide feedback about the items being discarded. Excess furniture and supplies will be donated to charity or disposed of.
- Revitalization will begin and, depending on the room and work that has been identified, may require help from congregation members, outside sources or hiring outside help.
- Once the room is finished a "Responsibility Sheet" will be created for all user groups, identifying expectations and priorities for them to follow and to be accountable in the ongoing upkeep.

Although this is the basic outline that we intend to follow, changes may occur as we work through the process. Watch for announcements in the bulletin, handouts and posters outside the specific rooms being revitalized for updated information.

We acknowledge this is a huge project and we look forward to working together with you all to continue to build on the positive and focussed direction we have established for our Church and its members.
