

Part Four: Leveraging Social Media

As a church, we get to connect with one another for one hour every week. Through social media, we can stay connected for the other 167 hours. In many ways, social media is a tool. And how we understand and use this tool will determine how effective or ineffective it is.

Scripture: Luke 14:34-35

Bottom Line: Social media is not just an activity; it's an investment!

Discussion Questions

Our Life Groups ministry takes a break through the months of July & August.
