Travel Info

You are responsible to find your own way to StillWood Camp, located near Cultus Lake. For those that indicated on their registration they would need to travel in another car, we will do our best to match you up prior to the weekend.

Plan on the travel time being anywhere from 1 1/2 hrs to 2 hrs depending on traffic.

On Friday, we will be arriving after dinner time, so be sure to stop along the way to eat. There will be an evening snack, but it will probably not be enough to sustain you.

Accommodations

The facilities at Stillwood are very nice and clean. Each cabin has its own bathroom facilities and a small kitchenette, lounge. As with last year, we will also have access to the larger cabins.

For Those with Children

Our own Josephine McCordic and Debby Shirlaw will be joining us for the whole time. The kids can plan for their own mix of fun and learning.

Camp Map

Parking is located beside the Office (closest to our cabins) and in front of the dining hall. We will be assigned cabins ahead of time and you will be notified of your cabin and cabin mates prior to your departure. Please make note of your assignment and verify it on the map (next page) before you go. This will make locating your cabin in the dark much easier!
