

Why These 27 Books in the New Testament?

Come out and join us at the Church for a new Study on January 15th, 22nd, 29th, February 12th, 19th and 26th from 6:30 – 8:00 pm. In this series, Dr. Michael Kruger critiques the most common objections to the Canon and presents abundant evidence that these books are the authentic, true and inspired Word of God. This is a series to help dispel doubts and give you confidence that the right books, and only the right books, are in the Bible. When authenticity of the New Testament is questioned so is the Gospel.

Come out and join us for discussion and fellowship. There is no work book and no cost. Sign up at the Info Centre.
