

Equality Act Phone Script for Senate:

Honorable Senator _____

My name is _____, I live in _____. I am contacting you today concerning the Equality Act that was recently passed through the House of Representatives.

As a Christian I have great concern over the attack on religious liberties that is contained in the language in this bill. I ask that you take substantial actions to keep this bill from passing in the Senate. I believe that most Americans do not realize what this bill means to Christians as the name is very deceptive.

I want to be clear; I agree that every person needs to be treated equal and that includes all who identify as LGBTQ. However, the government should not force any individual to be required to violate their deeply held religious beliefs.

I ask that you stand up with boldness and courage, to do what's right by this great nation and in the eyes of God. In addition to your "NO" vote, I ask for you to ensure that the truth about the agenda detailed in this bill is fully exposed to the public.

If you do what is right in the eyes of the Lord and WE THE PEOPLE, then you will have peace and the Lord will bless you for it.

I pray often for you.
