

CONSIDERING COVID

We are still living in uncertain times. The only way we will have a successful and safe summer is if we make some adjustments to our "typical" summer programs, including schedules, cleaning protocols, and health policies.

More information will be available to you further along in the hiring process, but here are some of things to consider:

- When counselors do not have a cabin assigned, they will assist with kitchen and cleaning duties.
- All staff will need to commit to low risk exposure during weekends and off time.
- All staff will be asked to self-isolate for 2 weeks prior to staff training.

All these practices will be implemented to keep our staff and campers safe and healthy. If you have any questions, please ask.

Now Hiring Summer 2021

SUPPORT STAFF

Love camp but don't want to work directly with the campers? We need diligent workers in the kitchen, leading behind-the-scenes projects, and fulfilling special cleaning duties to help camp run smoothly.

MEDIA INTERN

Spend your summer taking photos and videos of campers, staff, and guests throughout each week, posting to our social media platforms, and creating marketing materials for future programs!

*For a full list of requirements and responsibilities, please visit our website at lutheranlakeside.com/employment.
