

Testimonials

This seminar was fantastic! We are going home a changed couple! Learned so much and gained many new insights in a non-threatening setting.

Really enjoyed the very tasteful, Biblically based and practical presentation of an important subject. The sessions were frank, down-to-earth, genuine, humorous and very informative. These presenters were real ordinary people! We could relate to them.

We left feeling energized, affirmed and encouraged that we could improve our marriage in this area!

Where was this much needed course 25 years ago? This would have helped us enormously – however, you are never too old to learn and change. Would highly recommend this seminar to couples of any age, especially engaged couples!

We didn't have any teaching in this area before marriage -- we sure should have! The tools learned at this seminar would have saved us a lot of hassles and headaches!

Extremely helpful content, loved the audio visuals, video clips, real life examples, laughter. Handouts were comprehensive, clear and great for future review.

A marriage without conflicts is almost as inconceivable as a nation without crisis.
