

# We can show respect!

we can show respect to our friends by:

sharing      taking turns      keeping our hands to ourselves  
using teamwork      using kind words      being helpful  
loving each other

we can show respect to our parents by:

loving them      listening to them      being honest  
using words like please and thank you

we can show respect to our teachers by:

Raising our hands      using kind words  
listening and following directions  
being honest      being helpful      using words like please and thank you

we can show respect to our school by:

picking up trash (even when it's not ours!)      cleaning up our mess  
treasuring books      not being wasteful

I can show respect to myself by:

being on time      being prepared      being neat and clean  
always doing my best
