

Creativity Sparks Curiosity

ArtsCalibre Academy is an educational program for young children that uses the Arts to motivate and teach. It inspires children to learn through music, drama and visual arts, instilling a lifelong appreciation of learning.

The curriculum is a thematic, experiential approach to learning. Within a wide variety of fascinating themes — anything from Autumn to Zoo Animals — children are immersed in related lessons and activities. This dynamic, engaging environment encourages them to use their imagination and tap into their innate creativity, constantly exploring new concepts.

Schedules

At ArtsCalibre we understand that one size doesn't fit all. That's why we've designed our preschool programming to be flexible to accommodate today's busy family. You may choose from 2 to 5 classes per week, subject to availability.

Three-Year-Old Program—9:00 to 11:30 AM

Four-Year-Old Program—12:30 to 3:30 PM
Dance Classes (extra fee)

Extended Care

ArtsCalibre also offers families the benefit of extended hours, with early drop-off in the morning and late pick-up in the afternoon.

PRESCHOOL PROGRAM

Our Preschool is located in the Fine Arts Wing of the Cedar Hill Recreation Centre, located at 3220 Cedar Hill Road in beautiful Victoria, BC.

Our learning environment is kept to a maximum of 20 students, supported by qualified Early Childhood Educators.

Arts Education Inspires Meaningful Learning

ArtsCalibre Academy has a novel education program that infuses performing arts, visual arts and the creative process into every aspect of the school curriculum.

"Curiosity is the engine of achievement."

Sir Ken Robinson

Our preschool program is designed to invite learners to explore, experiment and connect with their interests and develop their emerging literacy and numeracy awareness. We encourage learners to explore their creativity and further discover their innate talents through the Arts.

The ArtsCalibre Difference

- A focus on project-based learning and artistic expression enriches learning and encourages mastery of the curriculum.
- Arts activities have been shown to develop higher-level thinking. Students "learn to learn" and love to learn.
- A safe environment that develops confidence and poise through performance opportunities, productive collaboration and respectful interaction.
