

The Woobens Excellent story

Greetings on this **June 1, 2021!** What's the good news this past month?

No doubt, like Sharon and I, you were delighted with the progress of vaccinations and gradual deconfinement announcing an orange end of spring, a yellow summer and a green autumn! The month of May has delighted us all with the buds on the apple trees and the magnolias!

In PÉVA too, the Lord has blessed! You remember the great joy two months ago for the conversion of Vincent Musungayi. He continues to do Bible study with *The First 6 Steps of a Disciple of Jesus Christ* and has found work, him and his wife Péguy, as vaccinators! Pray that God will strengthen this Congolese family in the faith.

Glory to God disciple:

May 8, this
alone for the
the Son of

Woobens'
refocus of his

who gave salvation faith to the heart of a young new Woobens Excellent, 11 years old! Indeed, on Saturday preteen understood John 1:12, believed in Jesus Christ forgiveness of his sins and for eternal life by receiving God by faith alone.

father, Walex Excellent made a major faith two years ago, confessing that he

had believed in Jesus ... plus his good works, but that now he affirmed the exclusivity of the work of the cross of Jesus Christ for salvation. God has been good to Walex and his wife Dieula by curing them of the coronavirus and finding a better job for Walex. In the family photo, the little girl Rosiane is a cousin of Woobens. Dieula and Walex told the brothers and sisters at a recent PÉVA prayer meeting that they are expecting a child, and are hoping for a girl.

Woobens began doing Bible study in the Gospel of John and he is also following the course *The First 6 Steps of a Disciple of Jesus Christ*. Already Woobens' father and older brother Wadley, 15, hope his two sons will be baptized and they themselves hope so too. If the family ever moves, Walex said it would be within a 30 minute radius to be able to continue with PÉVA. Thank you Heavenly Father! Strengthen the faith of your new child: Woobens!

At PÉVA, we still hope to see God's good hand for important next steps: deconfinement and a return to door-to-door and open-air evangelization, several house churches (1 Co 16.19), an assistant for René (2 Ti 2.2) supported by local offerings and donations and partnerships, training of leaders (Acts 14.23), conversions, conversions, conversions, the end of renovations in the basement of Maison PÉVA, an officially zoned place of worship in our district of Ville d'Anjou itself, meetings on Sunday morning, not necessarily in that order. In their monthly Prayer Partner bulletin, the Canadian Fellowship encourages prayer for new Church plants, including in ANJOU!

Thank you for your prayers and your support for the **P**roject for **E**vangelism in **V**ille d'**A**njou, in collaboration with our mother Church, Renaissance RDP and the Association of Evangelical Baptist Churches (Mission Quebec).

René and Sharon Frey
