

Where Community Happens

Building bridges through life-giving relationships

Store Front Gathering Place

A place where folks can make new friends

A place that offers a variety of activities for the entire community

A place where people can come together to:

- learn new life skills and grow as individuals
- share life experiences and support one another
- serve one another by building life-giving relationships that promote a deeper sense of community

A place to volunteer and help others while growing community

Sharing Life's
Experiences

Enjoy Life
Being Together

Bridges of Carroll County provides a safe place to volunteer and serve one another in a variety of ways that use your spiritual and natural gifts.

It's a place where people can come together to build a better community in Savanna.

Volunteers are trained:

- in listening and relationship building skills
- how to identify and focus compassionately on peoples needs
- how to build trust while helping people grow

Organizations can support this effort by encouraging volunteers, sponsoring events and pledging funds.
