Staffing Bridges

Bridges provides a safe place to volunteer and serve one another in a variety of ways while using your spiritual and natural gifts

As a place where people can come together from service groups, faith-based organizations and individuals just looking for a way to build a better community in Savanna

Volunteers will be trained:

- in listening and relationship building skills
- how to identify and focus compassionately on people's needs
- how to build trust while helping people to grow

Office Space for Service Partners

Bridges, the Spirit's Already at Work

We already have people willing to invest time, talent and treasure in this endeavor

The Great River Outreach (GRO), an established 501C, is willing to support, promote and manage Bridges bringing:

- established programs, workshops/activities and service partners
- a diverse board of directors
- and years of community service experience to the most vulnerable of our neighbors
