Text: Exodus Chapter 10-11

1. Within the Passover there are many things that relate to our redemption in Christ. What are some that stand out to you?
2. The Passover was to mark a new year for Israel. How has your life changed since being delivered by Christ?
3. How important was it for Israel to act on their faith in order to be delivered? How do we put feet to our faith when it comes to our redemption in Christ?
4. Why do you suppose it was so important that Israel reflect and remember their deliverance from Egypt? What are some ways that God instructs Christians to remember their salvation?
5. In 12:43-49, God ensured that only Israel and converts to Judaism ate of the Passover meal. Why do you think the Lord disallowed others from eating? Do you see any kind of New Testament application or equivalent?
