Love Your Neighbour – Get Vaccinated

As Covid restrictions start to ease, and new, even more virulent Covid variants are emerging, it is more important than ever for all of us in the St. Andrew's Church family to walk as Christians and show our care for others in our community by getting vaccinated.

Vaccines are safe, effective and **vital** to protect our families, friends and neighbours.

If you are unsure or have any doubts about vaccines, please access some reputable sources of information that you can trust and read the facts for yourself.

If you want to get vaccinated, but have experienced some difficulty in making a booking, are homebound, or have transportation problems, or concerns about the vaccine, please refer to the attached sheet of Vaccination Information & Assistance for St. Andrew's Church Family.

As your St. Andrew's Ministry Team, we care deeply for our community, and we urge you to act now and get your two doses of vaccine.

Dr. Tim Archibald
Lead Minister

Geoffrey Simmins
Interim Pastoral Care Minister

WWJD? HE would get vaccinated!

COVID-19 Vaccination Information & Assistance for St. Andrew's Church Family

How to Book your Vaccination
