

# NZBMS

Reaching the World

# What we are Doing

# What is mission?

Being an ally of Jesus. Joining in what God is already doing and wants to accomplish in the world.

# What does mission look like?

This can take many forms! There is no template for mission. However, mission is always living and acting in a way that reflects the Kingdom of God; leading others into His eternal love.

# What does NZBMS have to do with it?

We actively encourage and support the Baptist churches of NZ to be a part of God's worldwide kingdom life.

## These are our people.

They authentically partner with locals, learning from and teaching one another.

They are our hands on the ground, deeply committed to the workplaces and communities they live in. They work to empower and equip people in a faith-based, sustainable and just way.
