The Pastor's Paragraph

Weekly updates from our Pastor, Dr. Deek Dubberly

Church Family,

Let me encourage you to sign up for one of our Southside University classes. All our classes will begin on August 8th at 6pm (with the exception of one of our ladies' classes, *How Much More*, which will begin one week later on August 15th). You can find a list and description of each of the classes at southsidedirection.com/pages/southside-university. Here are a few reasons why you should participate in Southside University.

First, it offers a unique format in the programming of our church. Most classes have a helpful video component featuring a well-known Bible teacher as well as a take-home Bible study feature to keep you in God's Word during the week. Most classes are also discussion-driven. This is not your traditional Sunday night service where you just change out the songs and the sermon from the morning service and do it all over again but with a smaller crowd.

Second, it's a great opportunity to get to know different people in our church. Our church is by no means a megachurch, but it is large enough that you can "go to church" with someone for years and never really get to know them. In a Southside U class you may just find yourself making a new friend.

Third, it's not a long-term commitment. Most classes are six to eight weeks long. So it's a short-term Bible study with a small group of church members. It has a clear start and end date. That's what cell phone companies like to brag about offering—"no long-term contract!"

Fourth, we've got something for everyone. We have classes for co-ed adults, men, women, teenagers, as well as separate classes for different age groups of children (2-4 years, K-2nd gd., and 3rd-5th gd.). We also provide a nursery service for the youngest and most precious members of our church family (newborns and one year olds). We want you to bring the whole family to Southside U!

Fifth and finally, it's one of the most successful ministries in our church. It boosts our Sunday night attendance significantly. On average our Sunday night crowd doubles in size during sessions of Southside U. One semester we even tripled our average Sunday night attendance. It's also an excellent venue in which to raise up new leaders. We have so much untapped potential and spiritual giftedness sitting in the pews of our church. Southside U helps us reach in and draw those gifted leaders out. Let me know if you'd like to be considered for leading one of our future classes.

—Bro. Deek
