

CARBON VALLEY COMMUNITY CHURCH
PASTOR PROFILE

The pastor must, first, love Christ; desiring to do the will of Christ; desiring to win people to Christ.

The pastor, if married, should feel called to work as a team with his spouse.

The pastor should have the gift of hospitality.

The pastor should be comfortable with, at least, a basic use of technology.

As CVCC is a community church, with people from a wide variety of faith community backgrounds, we would desire someone who is:

1. Understanding and accepting of different backgrounds and faith experiences.
2. Open and willing to include various worship styles.

As CVCC is a congregation where biblical knowledge varies greatly, we would desire someone who has the ability and passion to:

1. Teach the scriptures with the goal of developing mature Christians.
2. Encourage and develop biblically-based leadership within the congregation.

As CVCC is located in a small town and rural community, we would desire someone who is a 'people' person, friendly and comfortable in building relationships with a wide variety of people in the community (e.g. through developing personal friendships and being involved in community events). He is not only a pastor for the church people but also a minister to the whole community.

As CVCC values every person who is part of the church family, we would desire someone who is willing to work with all equitably, regardless of gender, age, education, ethnicity, etc.

As CVCC is affiliated with the Alberta Baptist Association, we would desire someone who is willing to work with the ABA, even though we are focused upon being a community church.
