

## St. Stephen's United Church

### Library Art Gallery Submission

The new library has ample wall space and we would love to create an **Art Gallery** to showcase the God given talents of our church family!

Our vision is to display your art on a rotating basis (the number of rotations depends on how many art pieces are submitted – changing them monthly/seasonally would be wonderful!)

***All artwork needs to be framed or mounted with the hardware attached so it is ready to hang.***

I understand that I retain full ownership of my art piece and give permission to St. Stephen's United Church to display in the Library Gallery. While St. Stephen's will take every measure necessary to care for my artwork, I do so at my own risk and St. Stephen's is not responsible for loss or damage. I understand that the subject of my art needs to be family friendly, suitable for all viewers. I give St. Stephen's permission to use photographs containing my artwork on the church website and social media.
