

JAMES BAY United Church

Opening Doors to God's Love

As Active Cases Continue to Grow what this means for gathering for worship

While there continues to be no Public Health Orders mandating restrictions for worship services, we are aware that there are those among us most vulnerable to the virus and its variants. Therefore in our effort to care as best we can for the well-being of one another, we are asking people who wish to be present in-person in our sanctuary to be masked and ideally fully vaccinated. Also, it's important to be mindful of one another, realizing not everyone will feel comfortable being close to others.

For those who have yet to receive both vaccinations and /or for whom wearing a mask isn't possible, we encourage you to share in the service on-line, either live on Sunday mornings (beginning at 10:15) or at a time of your choosing, by accessing the service on our website.

We realize too that as more and more of us are vaccinated, the risk of infection will drop significantly, making it possible for all of us to gather more safely.

Soon it will go without saying, but for now we'll repeat it! If you are sick or not feeling well, we encourage you to stay home; and to make use of the [BC COVID-19 Self-Assessment Tool](#) or this [BCCDC When to Get Tested for COVID-19 resource](#), to know if you should seek testing for COVID-19.

Thank you for doing your part in caring for each other, and in looking after yourself.

If you have any questions, please call
Colleen Nichol (Worship Team Chair) 778 426 1762.
