Gift/Ministry Possibilities

With the exception of Helps and Service, which is about what 75% of a typical congregation has, very few gifts stand alone without complementing gifts.

For example, the following are natural pairs:

- Teaching & Knowledge
- Healing & Faith
- Hospitality & Service
- Leadership & Administration
- Wisdom & Discernment, Etc.

Pairs like these show that gifts won't always function to maximum effectiveness without the support of another gift. What a beautiful picture of the body of Christ. We are diverse yet can't get along without each other.
