### Zambia Church

Pastor and Mrs. Kalonga send greetings! They are thankful to hear how we are doing, as we go through Covid restrictions once again. They are being allowed to meet as a church, but are having to follow guidelines, are experiencing difficulty as a result of Covid, have had a number of deaths in their community, and have had to let go of a number of plans/programs. But we all praise God that they have a baptism class, youth programs, praise team, and women's programming continuing on. Their church school is doing well, and we can praise God for that too!

The work is continuing. The church is planning some renovations as the building is old, and they are wanting to make more space to accommodate more people, and meet modern standards. Pastor Kalonga will be taking several missions trips in November, and will once again be travelling on foot for many hours, and also using ox cart and canoe travel on the dangerous Zambezi river. He covets our prayers on these issues.

The NGO is moving forward and he is very excited about that. They have acquired a plot of land and are growing vegetables and raising chickens as a fundraiser for the NGO.

As for their family, they are doing fine. Sarah finished college in clinical medicine and is still waiting upon the Lord for employment. Alick is doing his studies at Levy Mwanawasa University in ophthalmology for 4 years. They also both need your prayers!

They greatly appreciate our prayers in all of these areas, and along with us, they pray for Covid to come to an end.
