

Church of St. Aidan Renovation Update #26

Nov. 4, 2021

- Scaffolding is in place to begin roof repairs.
- Closets are being constructed in the entry foyer. This space is also being painted and awaiting glass for the vestibule.
- Decorative wood screening is being installed on the new dividing walls in the nave. Drywall is almost complete in the office and washroom on this level.
- A ramp has been built to make the raised choir area in the chancel accessible.
- Closets have been installed in the lower level hallway.
