Live Streaming Grant & Set Up

Thank you to both Armin Hackelsperger and Tony Richard for your weekly ministry of operating the live streaming equipment, enabling folks to participate virtually.

Our parish received a \$2500 grant from the Diocese in 2021 to purchase parish-owned equipment rather than continuing with Armin's and Tony's personally owned equipment. Most of the new equipment has arrived.

In order to accommodate the new equipment, Armin and Tony sent a request to St. Luke's Vestry, seeking permission to remove half of the front pew on the right side of the church, facing the altar, in order to make room for a desk on which to set up the equipment and would no longer be obstructing the center aisle. The vestry passed a motion to grant this request.

The photo shows the current location. With the half pew removed, there will be a larger space from which to operate the equipment. If you have any questions or concerns, please speak to one of the wardens, John Wetmore or Nancy English.

While we are currently livestreaming to our Parish Facebook Page, we are looking to livestream to our YouTube Channel and link our Parish Website to the livestream. Watch for further updates.
