

young and old

we are a parade - a long living line
our feet and hope follow those before
past known waypoints and new challenges

we hear the music of long lost livings
and study their rhyme and metre
singing the old and whistling the new

we search bravely, serving faithfully
falling in love with life's consternations
hopeful and expectant of redemption.

we persevere in faith and hope
living from the inside out
in service of love and justice

we shared the weavings
in our hopes and our stories

ch 2 thoughts.
