

Community Questions for February 20:  
Complaining to the LORD – Exodus 5:22 – 6:12

1. When do you find yourself having complaints about what God is or isn't doing?
2. What do you know about God that helps improve your perspective?
3. Rather than using our prayers to tell God what He should do, how could you ask Him to do a work inside of you such as:
  - helping your faith to grow when faced with difficulties?
  - or giving you courage and boldness to respond to difficulties in a way that honours Him?
  - or that you might grow in character to shine for Him?
  - or to gain better perspective in believing Our God will prevail in His Goodness?
