FIFTEEN – v. 15

- Is there any area of your thought or behavior that you have been convicted of in Ephesians 4?

PRAYER REQUESTS: 3.27.2022

Please lift up the family of **Joanne Bowers**. Her brother, Harold Tate, has come home from the hospital on hospice care and they are estimating maybe 10 days until he meets the Lord.

Update from **Steve Olesko**: His heart cath went well and there were no stents put in. However, he is being scheduled for a valve replacement in the near future.

Update from Dick Rogers: His procedure went well but it will take a while until he knows how successful it was. He is recovering fine and will have to stay out of sunlight for only a couple of days instead of 5. He will have a check-up the day after Easter.

Praise from **Kevin and Patty Sommers** (on vacation, near Mobile, Alabama): Tornado hit 20 miles from us. Prayers answered! Just wind gusts and rain here. During the storm. Thanks for praying!

Update from **Kaylene and Kenny Miller**: The girls' surgery went well. Thank you so much to all who surrounded us in prayer, the meals provided, and get well gifts. We are blessed with so many wonderful people in our life.

Please be praying for **Steve Olesko** as he has a heart catheterization tomorrow.

Erin Hershberger's cousin **Brian and his wife Sheila's little girl, Brooklyn** is 5 years old and they found out she has a very rare form of cancer (only the 67th person in the U.S to be diagnosed). It's called Malignant Myoepithelioma. She had surgery to remove a lump and a chest CT scan that looked promising. **Update 3.23.22** - Praise Jesus all her scans came back clear. This is a type of cancer that has a high percentage of coming back so they are working on a game plan but they believe they will have to do scans every 3 months.
