

TEEN CAMP 2022

JUNE 25-29

Hello parents and students,

We are so excited that you are interested in attending Teen Camp 2022! Camp is my favorite event that we do every single year. As a student going to camp you can expect to have an amazing week full of friends, exciting team activities, and life changing experiences.

If you are on the fence about going to camp or sending your student to camp let me share a couple of my own personal experiences at camp. As a student I first attended teen camp in 2006. I didn't want to go initially, but my parents signed me up and made me go. I am so glad that they did! I had an amazing time making lifelong friends and I had my life changed forever. I can say today that I am still serving God because I went to camp. As a leader one of the things I enjoy most about going to camp is seeing our students bond together in a way they never have before. I believe that being a part of a community of believers is necessary for our students to serve God beyond high school.

I understand that \$245 can be a financial burden on your family and I want to encourage you to think of it as an investment in your student's life. If you need financial assistance let us know. On the back side of this paper you will find the essential information about camp, feel free to contact me if you have any questions.
