Sowing seeds of love

In April, the Women of Westside planted herbs and those seeds have begun sprouting and developing into plants. When fully grown, these plants will be useful for enhancing the flavor and freshness of some yummy homemade dishes. Psalm 1:3 tells us, we are to be “like a tree planted by streams of water, which yields its fruit in season and whose leaf does not wither—whatever they do prospers”. Take time this month to draw close to Jesus. He gives us living water when we believe in Him. When we plant ourselves near to God and on His words, we can begin to sow seeds of love in the lives of others.

May Highlights

Commit this month to *Shine for Jesus* through your daily devotion to Christ and through acts of love and service to those around you. Take part in our new small group at the church lead by Pastor Patrick, invite a friend to church or to coffee. Get some fresh air and join our Highway Clean-Up team as we serve our community together. Partner with our SHINE missions team in prayer and financially as we go to share the love of Jesus with the Dominican and Hattian people. May you be encouraged and filled with joy!

God bless you,

**“He who believes in Me, as the Scripture said, “From his innermost being will flow rivers of living water.”
John 7:38**
