

SMALL GROUP QUESTIONS, WEEK 3

Ice Breaker: If you could visit any ancient biblical city, which one would it be?

Ice Breaker: What song or album could you listen to on repeat?

What was your big takeaway from the message?

What historical fact did you learn from Sunday's message that you hadn't heard before?

On Sunday, one of the takeaways from the message was "take advantage of the opportunities God gives you as you cross the paths of others." Have you ever had a "God-given" opportunity to serve in ministry, help someone, or speak to someone about Christ? Please explain.

Read Acts 18:1-4, 18-19. Throughout Paul's ministry, he often enlisted the help of others. When Paul was in Corinth, he met Aquilla and Priscilla, mentored them, and brought them with him to Ephesus to help start the church there. Why do you think Paul brought Aquilla and Priscilla with him?

How can we, like Paul, enlist or mentor or develop the people around us to better serve God?

If you were to mentor or develop someone spiritually—like your child, a student, a friend, a new convert, or a spouse—what would be some habits and qualities that you need to model?

We'd all agree that we need to help develop and mentor and lead others spiritually, but how can we best do that?

What do you think keeps us from being like Paul and bringing others with us as we serve God?

Have you looked up to someone or followed someone who did not model what he/she was teaching? Please explain.

What did you think and feel when you realized that person did not live according to what they claimed?
