PRAYER REQUESTS: 5.22.2022

Steve Olesko had heart surgery (a valve replacement and 2 by-passes) this past Monday.

- **Update Wednesday 5.18.22** - Steve's surgery went well but went very long. He did not get back to his room until 10:30 pm. He is recovering and everyone is pleased with his progress. Please pray for healing. It was an exhausting day for Lynell so also pray for her.

Jeremy Sommers asks for prayer for his mom, **Shelly Cotter**, who fell and hurt her hip. There was excruciating pain trying to move her legs. She is in the hospital for evaluation and treatment.

Prayer for healing is needed for **Jason Locke**. Jason fell on Wednesday and broke his left ankle. He is to remain off of his foot for the 8-10 weeks but the next 3-4 weeks are critical. Doctors will be examining his ankle weekly and everyone is praying that healing will begin so that surgery will not be necessary. He also fell off his knee scooter (as he was navigating it using the leg that had earlier issues) and hurt the hand he just recently had surgery on. He is OK, but will need to use other helps in this recovery time. Please continue to pray for healing in his ankle.
