

A note from the office secretary...

By the time you are reading this, Memorial Day will have come and gone. I hope everyone takes time to remember and honor all who lost their lives in war and didn't return home to all their loved ones. Here in the office, I'm still learning and trying to find new things to put in the monthly newsletter. This year, helping with the Sunday School kids made me think it would be great to try and share some things from their perspective. This month and next month (and maybe even the month after) I'll share a project that some of the students worked on at the end of Sunday School. I hope you'll enjoy reading these. "How to Live Like Jesus". The kids wrote these, on their own. If you ever think of anything that should be included in the monthly newsletter, feel free to drop a note or a call or a visit, anytime. Many blessings, Tiffany
