WANT SOMETHING IN NEXT WEEK'S BULLETIN?

Please let one of our elders or Jon know by Thursday at Midnight.

What About Everyone Else?

Even a casual read through the gospels shows that Jesus influenced and impacted a lot of people. It is always beneficial for us to study his interactions and learn from the individual responses from these encounters. We also can assume that there were countless others which were not recorded for us (see John 21:25).

I want us to consider another group. What about the people who encountered Jesus but were not moved to repentance? What about the others who continued to live their lives as if the eternal Word was not walking among them? The truth is that many, even in his time, continued to live their lives as normal.

How many are living today without Jesus as the center point in their life? How many of us here today might be living this way? Today's lesson will offer some timely reminders for the importance of Jesus.

Scripture to Ponder for The Week

"Now there are also many other things that Jesus did. Were every one of them to be written, I suppose that the world itself could not contain the books that would be written."

(John 21:25)

We have classes for all ages on Wednesday nights, everyone is welcome. The adults meet in the auditorium, young adults meet in the office, and children meet in designated classrooms.
