# DISTRICT RETREAT & MINI CONFERENCE

**SASKATOON  
NOVEMBER 1ST - 3RD**

## WITH GUESTS ROB & SHANNON

We (Rob & Shannon Olson) have been married for 17 years. For the entirety of our marriage, we have been heavily involved in ministry. In the early days, it was as members of a travelling worship team, as children's pastors at The Neighbourhood Church, and as Global Workers to Lima, Peru. Since, we have been a significant part of the transition and transformation taking place at Bethel Church in Ottawa through the power of the Holy Spirit. This transition has seen Bethel grow tremendously, and the greatest of these is in our reliance on God. We hope to see leaders fully engaged in their relationship with God, relying on the power of the Holy Spirit in their lives and humbled by the grace and mercy given through Jesus Christ in all facets of life. We believe that leadership is a holistic journey each one of us must embark upon, and we want God to use us to encourage, challenge, and strengthen you on that journey.

## A WORD FROM THE DISTRICT SUPERINTENDENT

*Take delight in the Lord, and he will  
give you the desires of your heart."*

Psalms 37:4 NIV

As a young man about age 17, this became a core verse for my life. I'm sure there was some selfishness there (after all, who wouldn't want to have the 'desires of their heart?'), but a hunger was birthed to learn what it meant to 'delight in the Lord.' Thirty years later, I'm still learning how to delight myself in the Lord because, like many of us, we can easily lose sight of 'delight' because we pursue our 'desires' first OR we lose sight of 'delight' because we get busy 'doing' the work of ministry.

November 1-3, at our district retreat, is an opportunity to step away from the 'doing' and realign our primary 'desire' to first 'take delight in the Lord'—to pursue again our first love. Come and join us in beautiful Saskatoon where we will enjoy times of worship and ministry from our friends Rob and Shannon Olson and the hospitality of Westside Pentecostal Church.
