

Ministry Team	Purpose & Responsibilities	
Welcoming	Our desire is that every person who walks into our church, whether a member or visitor, will experience the love of Christ and know the warmth of being in this community. If you are able to hold a conversation (low barrier, we know) and can smile (we can teach you), you can be part of the welcoming team. Every Sunday, we meet to pray and prepare for worship and usher people into God's presence.	
Hospitality	There is nothing like breaking bread with others to ignite fellowship. Our hospitality team will be called upon to augment our Sunday fellowship by preparing and serving snacks, refreshments and occasionally lunch for special events. No experience is required, and you might even pick up some cooking and baking skills along the way!	
Musical Worship	Do you love to worship the LORD? Do you sing or play an instrument? Serving on Worship Team may be for you! You will learn what it means to worship God with your life and through music. It requires the highest commitment of any ministry team at Symphony.	
Production (A/V Tech)	The production ministry is comprised of a team of dedicated volunteers who work behind the scenes every week to make sure each worship service runs smoothly. Everything from mixing sound to lighting to presenting lyrics, this team will lead the congregation to worship God. If you enjoy any of these things, this could be the ministry for you.	
Children's	Do you love spending time with children? Do you want to be a part of raising up children to be Christ-followers and Kingdom workers? Then this ministry might be for you! The children's ministry will provide care and Sunday school education for children who come to Symphony Church.	
Creative Content & Communication	Graphics	The purpose of the creative content team is to convey information to the congregation and the broader community through announcement slides, flyers, Instagram, Facebook, and other graphics that make use of the team members' gifts and talents. This is a great ministry for those gifted with artistic and communication skills!

Outreach	ALPHA	ALPHA is a ministry specifically focused on helping answer some of the foundational questions of Christianity. This is an exciting ministry where we see many people coming to faith in Jesus. This ministry requires people to lead small groups and to lead administrative tasks. We hold ALPHA three times each year.
	Education Initiative	Jackson-Mann is a school with whom Symphony Church has been partnering for the past few years. We have the opportunity to tutor students from K-3 grade in math and reading. The leader(s) for this ministry team will be responsible for recruiting volunteers, managing the logistics, equipping volunteers to tutor, and acting as the liaison between Jackson-Mann and Symphony Church.
	Miracle Mile (Saturday Outreach)	Each Saturday morning, we partner with Lion of Judah Church in the South End and other churches in the Boston area to minister to the homeless of the Methadone Mile region. This ministry to the Methadone Mile has been renamed to the Miracle Mile, in faith that God can bring healing and hope to the many people experiencing homelessness and opioid addiction. Through this ministry, we hope to share the hope and love of Jesus Christ with those going through very difficult times.
