As Christians, we believe all people are created in the image of God. All are loved and valued equally, and all should have the opportunity to experience healthy and respectful relationships. We want to create a safe environment that everyone can thrive in. To achieve this people have been appointed to be the Go To People for the Cathedral community.

GO TO PEOPLE

The role of the Go to people is to support and partner with clergy and the pastoral care team to promote a safe and healthy cathedral community.
This is not a professional role, but a volunteer role.

The role of the Go To people is to :

- Be a point of contact for anyone who has questions or concerns in relation to domestic or intimate partner abuse regarding themselves or someone they know.
- Provide information about support services available.
- Help people to access support services.
- Raise awareness in the church about issues of domestic and intimate partner abuse.
- Work with the cathedral leadership to put in place relevant policies and procedures.
- Follow child safety procedures where children are involved.
- Ensure privacy and confidentiality and respect the decisions of those who come to speak with them.
